Introducing Sapient Press

Sapient Press is an American-based publisher of peer reviewed academic journals that cover a broad range of business, economics and other social science related disciplines as well as offers conferences organized to facilitate the sharing of collective research.

Founded in November of 2013, Sapient Press offers three initial journals, the Intl. Journal of Business Knowledge and Innovation in Practice, the Intl. Journal of Knowledge and Innovation in Business and the Intl. Journal of Teaching English and Language Learning. These journals serve the academic community by assisting in the exchange of knowledge, perspectives and experience. The next quarterly journals will be released this month and in February 2015.

For more details, please visit: www.sapientpress.com!

Call for Papers!

Sapient Press welcomes the submission of manuscripts that relate to a broad range of **business, economics** and **language learning** disciplines. Manuscripts should meet the general criteria of significance and scientific excellence. Sapient press will publish original articles in basic and applied research and case studies.

We invite you to submit your manuscripts to editor@sapientpress.com for publication in one of our family of academic journals.

Upcoming Special Editions for Graduate Student Papers

Due to overwhelming demand, Sapient will be offering special editions of their journals as forums for graduate student publishing. The next special editions will be for our February publications.

If you are a masters or PhD level student and looking for a venue for your manuscript, please consider one of our three journals. For more information, contact editor@sapientpress.com.

Featured Website: Purdue University Online Writing Lab

Purdue University houses a well known Online Writing Lab (OWL) that provides a cost-free host of different writing resources and instructional materials.

In OWL, instructors find information that will help them better prepare their academic papers, but also find materials to use with students both in- and out of class.

In addition, they also assist with written questions and provide blogs on various subjects.
